Name: _____ Date of Sitting: _____
 Email: _____ Phone Number: _____

How To Order: To view your Portraits, go to shop.photoexpressions.ca and enter your access code

Select the Image(s) you want to order. Place the image numbers on the line next to the corresponding size. Note that each package has a corresponding number of poses allowed. If you want more poses than allowed, go up to the next package or order A La Carte Prints. If you would like a sheet in B&W or Sepia, mark down which one on the line beside. If you would like a Digital Effect (see options after the packages), mark down the name of the effect you would like and which sheets you would like it on. There is a \$20 charge per image # chosen, not per sheet. Please feel free to come in to the store and we can help you place your order. All of your Portraits will be retouched for blemishes, eye glass glare, overall skin tone and teeth whitening. If you want additional retouching, please contact us for a quote. All orders must be paid in full before they go in to production.
